What Influences Health?

80% of what influences health and wellbeing occurs outside of the clinical care setting - in homes, workplaces, schools, and communities.

Local health departments (LHDs) are Chief Health Strategists - partnering across sectors to promote safety, prevention, and wellness to address that 80%.

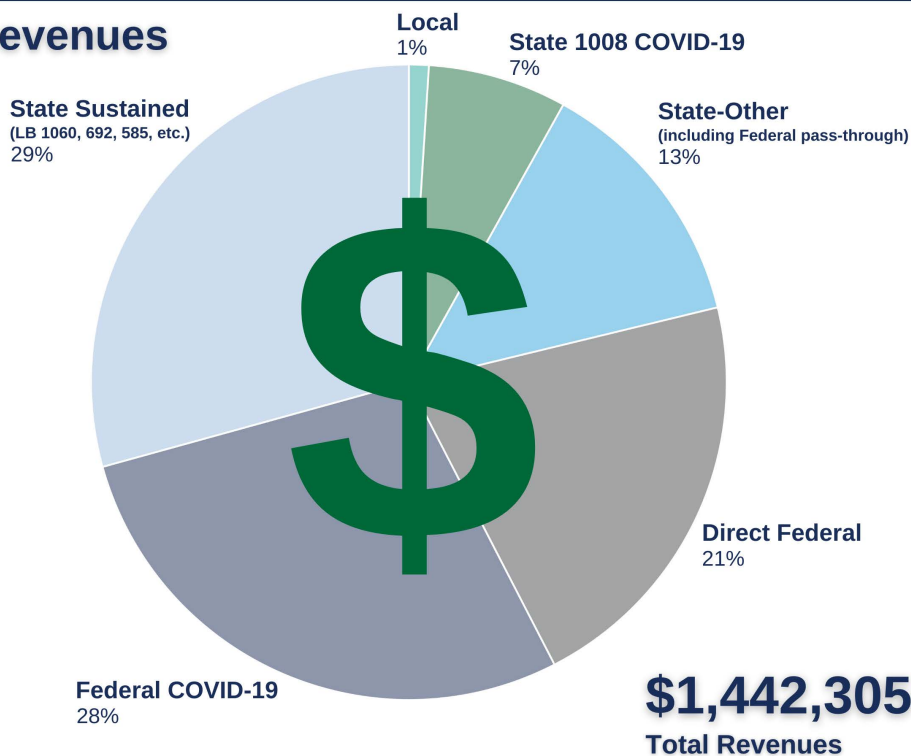

Core Functions & 10 Essential Services of Public Health

This profile was developed by the Nebraska Association of Local Health Directors. Local and state level data were retrieved from a survey sent out in **December of 2021** and completed by 19 NALHD member health departments. Population data were taken from 2020 Census Data from the United States Census Bureau. For more information go to www.nalhd.org.

Revenues

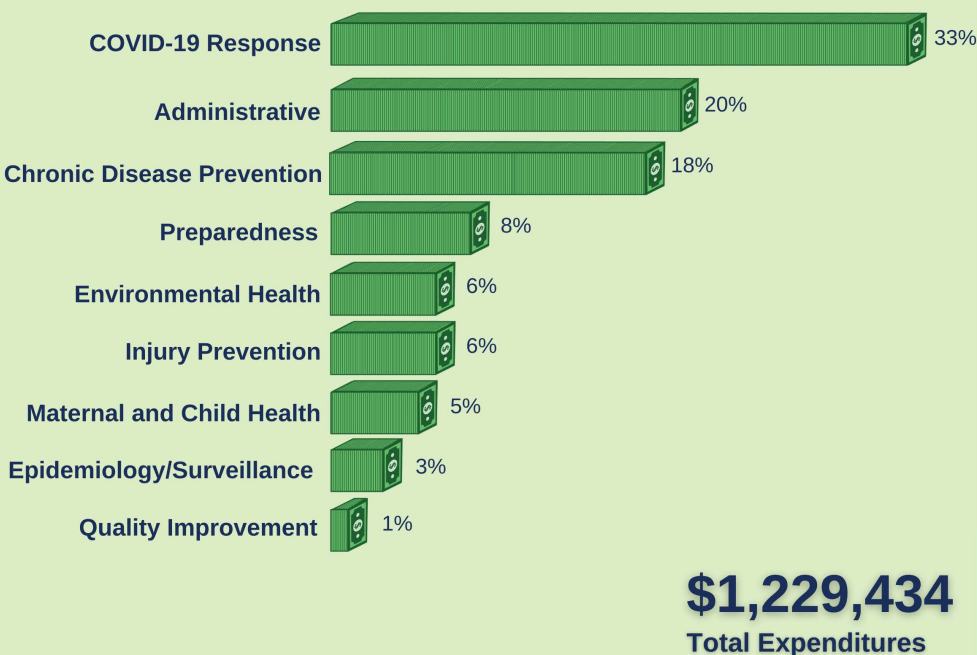

Worth the investment.

Every **\$1 invested** in prevention **saves \$5.60** in health care costs!

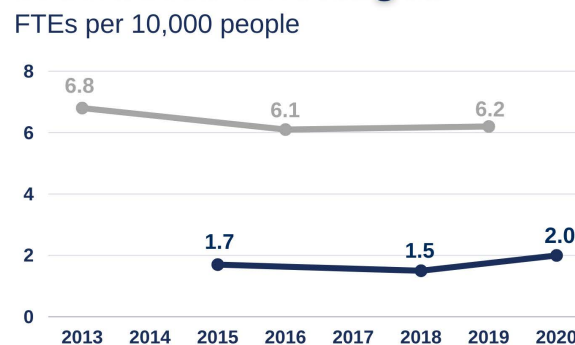

Per Capita Expenditures

Expenditures

Workforce Shortages

Four Corners
National (among LHDs serving less than 50,000 people)
Source for national data: NACCHO - National Profile of Local Health Departments, 2019
