Access to Care

Lifestyle Choices and Personal Accountability

Districtwide Interagency Development

What Influences Health?

Social & Economic Factors

Physical Environment

Health Behaviors

Health Care

80% of what influences health and wellbeing occurs outside of the clinical care setting—in homes, workplaces, schools, and communities.

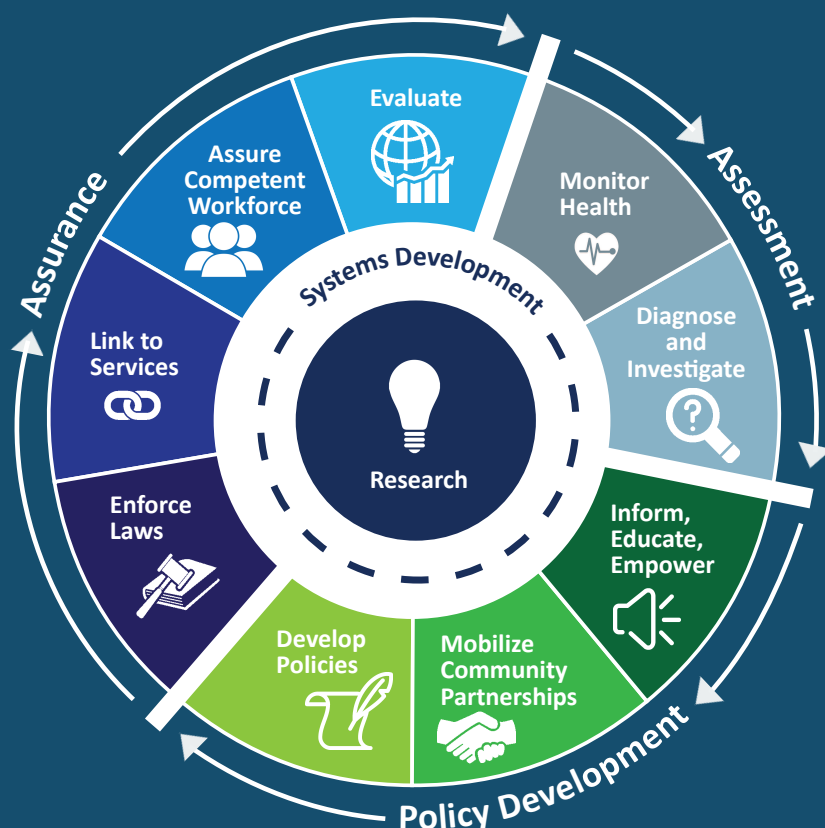

Local health departments (LHDs) are **Chief Health Strategists**—partnering across sectors to promote safety, prevention, and wellness to address that 80%.

Core Functions & 10 Essential Services of Public Health

ASSESSMENT: Collect and analyze information about health problems in Nebraska Communities.

POLICY DEVELOPMENT: Work with partners to apply data, educate the public, and develop programs and policies—all to address and prevent illness, disease, and disability.

ASSURANCE: Promote effective coordination and use of community resources to protect the health and wellbeing of Nebraskans.
