Northeast Nebraska Public Health Department
2019 Profile

What Influences Health?

- Social & Economic Factors: 40%
- Physical Environment: 10%
- Health Behaviors: 30%
- Health Care: 20%

Our Priorities
Public health priority areas included in our current Community Health Improvement Plan (CHIP):

- Access to Care
- Maternal & Child Health
- Prevention (Chronic Disease & Infectious Disease)
- Aging Adults

80% of what influences health and wellbeing occurs outside of the clinical care setting—in homes, workplaces, schools, and communities.

Local health departments (LHDs) are Chief Health Strategists—partnering across sectors to promote safety, prevention, and wellness to address that 80%.

Core Functions & 10 Essential Services of Public Health

ASSESSMENT: Collect and analyze information about health problems in Nebraska Communities.

POLICY DEVELOPMENT: Work with partners to apply data, educate the public, and develop programs and policies—all to address and prevent illness, disease, and disability.

ASSURANCE: Promote effective coordination and use of community resources to protect the health and wellbeing of Nebraskans.
Revenue

- 31% of NNPHD’s FY 2018 revenue included federal dollars passed through from the state.
- 59% of NNPHD’s FY 2018 revenue came from the Nebraska Health Care Cash Fund and General Fund.

Expenditures

- 51% of expenditures are for foundational capabilities and administrative costs.
- Public Health System Strategy: 1%
- Oral Health: 4%
- Maternal & Child Health: 4%
- Preparedness: 18%
- Epidemiology/Surveillance: 4%
- Chronic Disease Prevention: 5%
- Quality Improvement: 2%

Every $1 invested in prevention saves $5.60 in health care costs!
